## SCP-FSS-002 SPECIFIC PROPOSAL SUBMISSION INSTRUCTIONS (MAR 2008)

### (a) Section I – *Administrative/Contract Data:*

(1) Offeror must submit a copy of the certificate signifying that one of its current employees, who is an authorized negotiator for this offer, has completed the “Pathway to Success” training within the past year. “Pathway to Success” training is available through the Vendor Support Center website at <http://vsc.gsa.gov>. Click on the tab “Vendor Training” to access this free, web-based training. The training session is less than two hours total and covers the major factors your organization should consider prior to submitting an offer to GSA.

(2) Your offer may be submitted either electronically by e-Offer (<http://eoffer.gsa.gov>) or paper proposal. The most recent refresh of this solicitation can be viewed on FedBizOpps. Submissions of previous versions received more than thirty (30) calendar days after the issuing date of this version will be rejected.

(i) If using the e-Offer system, submitting a signed hard copy of the SF1449 or any other place, a signature is required in the offer is NOT necessary due to the digital certificate required to submit an eOffer. Completing an e-Offer through the e-Offer system will constitute a signature wherever signature is required in this solicitation regardless of whether or not an electronic signature is present on the document requiring a signature. If submitting an e-Offer, the offer must include the SF-1449, the Vendor Response Document, GSA required attachments, and offeror’s “optional” attachments (defined as any other information submitted by the offeror, not already a part of the requirements and instructions defined by the Government).

(ii) If submitting a paper proposal, the offer must include an original and an electronic copy of the signed SF-1449, the Vendor Response Document, GSA required attachments, and offeror’s “optional” attachments (defined as any other information submitted by the offeror, not already a part of the requirements and instructions defined by the Government). By signing and submitting the SF-1449, the Offeror agrees to the contract terms and conditions presented in Part III – Contract Terms and Conditions of the solicitation, unless otherwise noted.

(3) If a consultant is being used during or after award, submit an agent authorization letter. See FedBizOpps Document 12 for sample letter.

(4) Offeror shall provide a complete copy of its current CCR and ORCA which includes applicable NAICS codes for services/products offered.

(5) Offeror shall provide a copy of any cancellation and/or rejection notice(s) your firm has received in the preceding three years from any previous GSA Schedule contracts or proposals.

(6) Offeror shall provide the contract number(s) and price lists of any other GSA Schedule contract(s).

(7) Offeror shall identify any pending offers under other GSA Schedules including the name and phone number of the contract specialist evaluating the offer.

(8) Offeror should not submit clauses Incorporated by Reference (IBR) document (FedBizOpps Document 5), which is the full text of all the clauses incorporated by reference.

(9) Unless otherwise requested, offerors should not submit brochures, newsletters, or other marketing materials.

(10) Elaborate artwork, expensive paper and bindings, and visual or other presentation aids are discouraged.

(11) Provide a copy of offeror's most current, complete, audited (if available) three years of financial statements (at a minimum, balance sheets and income statements). GSA uses balance sheet and income statement information to determine financial responsibility. Note that providing tax returns is not required. Provide an explanation for any negative financial information disclosed, including negative equity or income. You may be required to provide letters of credit or other documentation to demonstrate that adequate financial resources are available.

(12) Small Business Subcontracting Plan, if applicable – The offeror shall prepare and submit a Small Business Subcontracting Plan if, pursuant to the applicable NAICS codes and size standards, it is determined to be other than a small business concern for purposes of this solicitation. Failure to submit a Small Business Subcontracting Plan when required will result in the return of the proposal without further review. Large businesses, nonprofit organizations and educational institutions are advised of the requirement to submit a Small Business Subcontracting Plan (see Clause 552.219-72, incorporated by reference). The Government will review each plan to assure it is consistent with the provisions of this clause. Subcontracting plans are subject to negotiations along with the terms and conditions of any contract resulting from this solicitation. The offeror's subcontracting plan must be approved by the Contracting Officer prior to award. A sample outline that may be used in preparing a subcontracting plan is included as FedBizOpps Document 7 (ref. FAR 19.702).

Small Business (total of all types)	37%
HUBZone	3%
Small Disadvantaged	6%
Women-Owned	5%
Veteran-Owned	5%

(b) Section II – *Technical Proposal*: The technical proposal is comprised of four factors — Factor One (Corporate Experience), Factor Two (Relevant Project Experience), Factor Three (Past Performance) and Factor Four (Quality Control). All offers shall address these factors as instructed below. If the Offeror is proposing multiple Special Item Numbers (SINs), they shall clearly identify each SIN with the corresponding technical information. Please provide a narrative for each of the following sections to demonstrate your company's capabilities in satisfying ALL underlying requirements listed below.

(1) Factor One – Corporate Experience: Submit a two-page (maximum) narrative describing the company's corporate experience in all services provided under this Schedule, regardless of the number of SINs being offered. Your company must have provided the type of professional services under this schedule to either a Government or Commercial entity for a minimum of 3 years. At a minimum, your narrative must include the following:

(i) Organization's number of years of corporate experience in the services described in Part I of this solicitation.

(ii) Organization's size, experience in the field, and resources available to enable the offeror to fulfill requirements.

(iii) Brief history of the organization's activities contributing to the development of

expertise and capabilities related to this requirement.

(iv) Information that demonstrates the offeror's organizational and accounting controls and manpower presently in-house or the ability to acquire the type and kinds of personnel proposed.

(v) Describe/identify how you intend to market services to federal clients.

(vi) Discuss the use of subcontractors. If applicable, a letter of commitment is required to cover the term of the contract.

(2) Factor Two – Relevant Project Experience:

(i) For each service SIN offered, the offeror must provide descriptions of two (2) projects. Each description must state the SIN to which it applies, and identify the specific services being proposed for that SIN.

(ii) The projects must either have been completed within the last two years or be on-going. For on-going contracts with a base year and option years, at a minimum, the base year must have been completed; for multi-year task orders, at a minimum, the first year must have been completed.

(iii) The offeror must demonstrate that the tasks performed are of a similar complexity to the work solicited under each SIN. The offeror may provide the same project for more than one SIN as long as the description identifies which specific work relates to each SIN. All examples of completed services must have been found to be acceptable by the client. Project descriptions shall not exceed four (4) pages per project.

(iv) Each project description shall include the following customer reference information:

- (A) Customer/Client Name
- (B) Project Name/Contract Number
- (C) Customer Point of Contact for Project
- (D) POC's phone number and e-mail
- (E) Project performance period (include months/years)
- (F) Dollar value of the entire project
- (G) Dollar value received for the work performed relevant to the SIN offered
- (H) Brief summary of the project as a whole (background, purpose, etc.)
- (I) A copy of the Statement of Work for the project; this does not count against the limitation of four pages per project.

(v) As applicable, each project description shall include a narrative account of the work performed that addresses the following elements:

- (A) Detailed description of SIN-relevant work performed and results achieved
- (B) Methodology, tools, and/or processes utilized in performing the work
- (C) Demonstration of compliance with any applicable laws, regulations, Executive Orders, OMB Circulars, professional standards, etc.
- (D) Project schedule (i.e., major milestones, tasks, deliverables), including an explanation of any delays
- (E) How the work performed is similar in scope and complexity to that described in the Statement of Work (Part I of this solicitation)
- (F) Demonstration of specific experience and/or special qualifications detailed in the Statement of Work (Part I of this solicitation)

(vi) Substitution For Relevant Project Experience – If project experience does not exist,

the offeror may substitute relevant projects of predecessor companies or key personnel that will be performing major aspects of the work. If the offeror chooses to make such a substitution, the narratives must clearly identify the entity or personnel that performed the services. This paragraph applies only to the following schedules:

- (A) 520 – Financial and Business Services (FABS),
- (B) 738 II – Language Services,
- (C) 738 X – Human Resources and EEO Resources,
- (D) 69 – Training Aids & Devices, Instructor LED Training, Test Administration, and
- (E) 03FAC – Facilities Maintenance and Management.

(3) Factor Three – Past Performance: The offeror shall order and obtain a Past Performance Evaluation from Open Ratings, Inc. (ORI). See FedBizOpps Document 6. Offerors are responsible for payment to ORI for the Past Performance Evaluation.

(i) Past Performance Evaluations are valid for a period of one year from date of issuance by ORI. The submission of an evaluation issued more than one year prior to the date of proposal submission will result in rejection of the proposal.

(ii) The offeror shall submit one (1) copy of the completed Past Performance Evaluation and one (1) copy of the order form (including information on up to 20 customer references) with its proposal. Failure to submit the order form and the completed evaluation with the offer will result in rejection of the proposal. A “customer reference” is defined as a person or company that has purchased services from your firm.

(iii) Offeror is advised to use references from projects involving services related to this solicitation and/or those performed under the appropriate NAICS code(s) related to services offered. If these references were not provided to ORI, please explain why.

(iv) The offeror shall address any negative feedback contained in the ORI report. Explain what actions your firm has taken to minimize the problems that resulted in negative feedback.

(4) Factor Four – Quality Control: Submit one narrative regardless of the number of SINS offered, not to exceed two (2) pages, addressing each of the following items to demonstrate your firm’s capabilities in satisfying ALL underlying requirements listed below.

(i) Describe the internal review procedures which facilitate high quality standards in the organization.

(ii) Identify the individuals who will directly supervise or review projects specifically regarding quality control.

(iii) State whether or not subcontractors are used and, if subcontractors are used, describe the quality control measures the offeror uses to ensure acceptable subcontractor performance.

(iv) Describe how your firm handles potential problem areas and solutions.

(v) Describe the procedures for insuring quality performance while meeting urgent requirements.

(vi) Identify the strategies your firm will implement to manage and complete multiple projects for multiple agencies simultaneously.

(c) Section III – *Price Proposal*:

(1) GSA’s pricing goal: Obtain equal to or better than the Most Favored Customer (MFC) pricing with the same or similar terms and conditions. The U.S. Government Accountability Office has specifically recommended that “the price analysis GSA does to establish the Government’s MAS

negotiation objective should start with the best discount given to any of the vendor's customers." GSA seeks to obtain the offeror's best price based on its evaluation of discounts, terms, conditions, and concessions offered to commercial customers. If the MFC is a Federal agency, but sales exist to commercial clients, identify which, if any, of the commercial clients obtain the best price. This will allow the Government to establish a "basis for award" customer in accordance with the Price Reductions Clause 552.238-75, paragraph (a).

(2) The offeror shall propose a pricing structure consistent with its commercial practices and provide supporting documentation (See paragraph (12) below). Pricing shall be submitted and clearly identified as being based either on a "Commercial Price List" or on "Commercial Market Price," as defined in FAR 2.101 ("Catalog Price" and "Market Prices" under the definition of "Commercial Item"). Submit an electronic copy of the proposed pricing.

(i) As part of the Price Proposal: Offeror shall outline all services being proposed. At a minimum, the offeror should provide the following information:

- (A) SIN(s) proposed
- (B) Service/Product proposed
- (C) MFC/Best commercial customer
- (D) MFC/Best commercial customer price
- (E) Discount % offered to MFC/Best commercial customer
- (F) Discount % offered to GSA
- (G) Prices offered to GSA (excluding IFF)
- (H) Prices offered to GSA (including IFF)

(3) When training courses are offered, pricing will include the following information:

- (i) (A) Title and brief description of the course, including major course objectives
- (B) Length of course (number of hours/days)
- (C) Minimum/Maximum number of participants
- (D) Price for additional students above minimum (if applicable)
- (E) Support materials provided as part of the course (e.g., training manuals, CDs, DVDs)
- (F) Commercial price of course ("N/A" if offering market based prices)
- (G) Discount % offered to GSA ("N/A" if offering market based prices)
- (H) Price of course offered to GSA (excluding IFF)
- (I) Price of course offered to GSA (including IFF)

(ii) Note: These descriptions will become part of the GSA Authorized Price List if a contract is awarded, and must be posted on GSA *Advantage!*<sup>TM</sup>. Submit an electronic copy of the description of each course offered.

(4) The offeror may propose separate rates for "domestic" and "overseas" services based on the application of variations in their indirect costs, depending upon where the services are performed. Two sets of rates are not required. In the event two sets of rates are offered, the offeror must identify which are considered "domestic" rates and which are considered "overseas" rates.

(5) The offeror may propose separate rates for "customer facility" and "contractor facility" (also known as "off-site/on-site"), based on the application of variations in its indirect costs depending upon where the services are performed. Two sets of rates are not required. In the event two sets of rates are offered, the offeror must identify which is for work at the "customer facility" (i.e., the ordering activity/agency) and which is for work at the "contractor facility."

(6) Offeror is required to include a 0.75% Industrial Funding Fee (IFF) in the prices submitted with their offer (See contract clause 552.238-74, Industrial Funding Fee and Sales Reporting).

The fee will be included in the awarded prices and reflected in the total amount charged to ordering activities.

(7) (i) When pricing is based on a Commercial Price List (CPL), submit two copies of the company's current dated CPL/Standard Rate Sheet (this is a stand-alone document that was not prepared for this solicitation). Submit proposals for the base year only. Pricing based on the CPL are subject to the Economic Price Adjustment Clause at 552.216-70.

OR

(ii) Pricing based on Commercial Market Prices are subject to the Economic Price Adjustment Clause, I-FSS-969. If offering market pricing in accordance with Clause I-FSS-969, the offeror must propose a fixed rate of escalation or identify an economic indicator such as the Bureau of Labor Statistics Employment Cost Index.

(8) For each proposed labor category, the offeror shall provide a detailed position description. Position descriptions must include functional responsibilities, minimum years of experience, minimum educational/degree requirements, and any applicable training or certification requirements. If it is the firm's standard commercial practice to substitute experience for education, explain the methodology in use (e.g., five years experience equates to a BA/BS degree). These descriptions will become part of the GSA Authorized Price List if a contract is awarded, and must be posted on GSA *Advantage!*<sup>TM</sup>. Submit an electronic copy of the labor category definitions and minimum education and minimum experience requirements for each labor category.

(9) Travel will be handled in accordance with clause C-FSS-370. Costs for transportation, lodging, meals and incidental expenses incurred by the contractor are allowable subject to the limitations contained in the Federal Travel Regulations and/or Joint Travel Regulations. They should not be included in the offered prices and will be considered at the task order level.

(10) The Commercial Sales Practices Format (CSP-1) must be completed in accordance with the Commercial Sales Practices Instructions, demonstrating comparative pricing with your best customer(s). A general explanation of the circumstances and frequency of deviations from your standard commercial practices is required [see Clause 552.212-70, Preparation of Offer (Multiple Awards Schedule)]. A separate CSP-1 must be completed for each pricing structure proposed. Provide a rationale for the estimated GSA contract annual sales (CSP-1, paragraph (2)).

(11) The offeror shall include a detailed narrative containing sufficient information for each of the services offered to enable the Contracting Officer to determine that offered prices are fair and reasonable. For example, if a price offered to GSA is not equal to or better than the price offered to the firm's designated Most Favored Customer, the narrative must fully explain the offeror's rationale for proposing such a rate as well as demonstrate why the GSA price is still fair and reasonable. Any deviation from an offeror's commercial sales practices must be explained, including the circumstances surrounding and frequency of the deviations.

(12) The offeror must provide supporting pricing documentation for EACH proposed service/product (e.g. each labor category, percentage based fee, etc.). Supporting pricing documentation may consist of copies of invoices, contracts, quote sheets, etc. and MUST be included in the Offer. There must be a clear and relevant relationship between the supporting document and the proposed price it is meant to substantiate. Each supporting document must be labeled with the name of the corresponding proposed labor category, service, etc.

(13) If offering professional services (as defined by 29 CFR 541), offeror MUST submit a Professional Compensation Plan setting forth salaries and fringe benefits proposed for the professional employees who will work under the contract in accordance with Clause 52.222-46 Evaluation of Compensation for Professional Employees. Individual compensation disclosure is not required. Submission of general compensation practices often printed in an employee handbook is sufficient.

(14) If offering professional or technical services, submit a copy of the offeror's policy that addresses uncompensated overtime in accordance with Clause 52.237-10 Identification of Uncompensated Overtime.

(15) Repair and Alterations (R&A): Applicable to the solicitation [Not Applicable]: Information for offering R&A is located in PART I. Clauses specific to R&A are located at the end of PART III.

(16) Service Contract Act: Applicable to the solicitation [Not Applicable]: (Service Contract Act – 52.222-41, and related clauses 52.222-42, 52.222-43, and 52.222-49)

(i) The Service Contract Act (SCA) applies to all Not Applicable services to be provided under this schedule except for any pricing offered for service outside of the United States. The SINs to which the SCA applies are identified elsewhere in the solicitation. The SCA index of applicable wage determinations for this solicitation and resultant contract are shown in FedBizOpps document Not Applicable. The full text version of each wage determination can be viewed at [www.wdol.gov](http://www.wdol.gov). Some of the proposed labor categories may be subject to the SCA (usually non-professional categories). As such, it is important that the offeror verifies that its proposed base rates and fringe benefit rates for these labor categories meet or exceed the SCA wage determination rates and fringe benefits for the areas where the offeror expects to perform the majority of work under the contract.

(ii) A contract must meet only the base rate and fringe benefit rate requirements in the SCA Wage Determination (WD) Revision Number currently incorporated into the GSA Contract. The WD Revision Number in the GSA contract takes precedence over any WD Revision Number an agency incorporates into an RFQ at the Task Order Level. Contractor cannot increase its GSA contract prices at the Task Order Level as a result of accepting a WD Revision Number at the Task Order Level that differs from the WD Revision Number currently incorporated to the Contractor's GSA contract.

(iii) Identify the SCA wage determination(s), including determination number, revision date, state and counties that were used to determine that the rates offered are in compliance. The revision numbers of the wage determinations listed in the solicitation index of wage determinations should be used in the comparisons.

See the sample below for how labor categories subject to the SCA are to be submitted as part of the GSA proposal. Labor category titles and rates are shown for example purposes only.

<u>Labor categories</u>	<u>Hourly Rate</u>
Principal	\$100.00
Engineer	\$80.00
Secretary**	\$20.00
Scientist	\$80.00
Driver**	\$25.00
Engineering Technician**	\$26.00
Administrative Assistant**	\$18.00

\*\*Indicates SCA eligible categories. See the SCA Matrix following the price list for additional information regarding these labor categories.

(iv) The following paragraph is meant to be instructive and NOT to be copied as part of the proposed GSA price list.

For all the identified SCA eligible labor categories, map the SCA equivalent labor category title (titles/descriptions available at <http://www.wdol.gov>. Click on the "library" link, then download the SCA Directory of Occupations, 5<sup>th</sup> Edition). Also identify the WD# that the labor categories in your offer are predicated on. Note that the applicable revision number for any Wage Determination number is the revision number identified in the solicitation index of wage determinations.

(v) Utilize the following spreadsheet format (labor categories shown are for example purposes):

SCA Matrix		
SCA Eligible		
<u>Contract Labor Category</u>	<u>SCA Equivalent Code – Title</u>	<u>WD Number</u>
Secretary	01115-General Clerk I	05-2059
Driver	31361 - Truck driver, Light Truck	05-2059
Engineering Technician	29081- Engineering Technician I	05-2059
Administrative Assistant	01011 - Accounting Clerk I	05-2059

(vi) Insert the following language below the above SCA matrix and insert both (matrix and language) at the end of the proposed GSA price list.

“The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the indicated (\*\*) SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix. The prices offered are based on the preponderance of where work is performed and should the contractor perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly.”

(vii) (A) There are three methods for determining price adjustments of Service Contract Act (SCA) eligible labor categories ONLY. The offeror will be required to select one method for the life of the contract.

(1) Method 1: Price Adjustment for the base contract period and all options exercised shall be in accordance with clause 52.222-43, Fair Labor Standards Act and Service Contract Act – Price Adjustment (Multiple Year and Option Contracts). When a modification is issued to all contract holders incorporating a revised index of wage determinations, contractors shall notify the Contracting Officer of any increase/decrease claimed under clause 52.222-43 within 30 calendar days after receipt of the modification.

(2) Method 2: An escalation method is negotiated prior to award in accordance with the clause I-FSS-969, Economic Price Adjustment – FSS Multiple Award Schedule, utilizing any of the methods available in the solicitation under that clause.

(3) Method 3: When the offered prices are based upon a commercial price list, then only revisions in the commercial price list will enable the contractor to revise prices. They will only be allowed increases in accordance with clause 552.216-70, Economic Price Adjustment – FSS Multiple Award Schedule Contracts.

(B) Regardless of the method used, the contractor must ensure that within 30 calendar days after the effective date of any modification to revise pricing based on changes in the applicable wage determination(s), the electronic catalog is updated on GSA *Advantage!*<sup>TM</sup>.

(viii) Note 1: The contractor will not automatically be allowed an increase in prices based solely on new wage determinations.

(ix) Note 2: Reference Code of Federal Regulations, Title 29, Labor, Subtitle A – Office of the Secretary of Labor, Part 4 Labor Standards for Federal Service Contracts, Subpart D – Compensation Standards, paragraph 4.161 – Minimum monetary wages under contracts exceeding \$2,500, which states: “No change in the obligation of the contractor or subcontractor with respect to minimum monetary wages will result from the mere fact that higher or lower wage rates may be determined to be prevailing for such employees in the locality after the award and before completion of the contract.”

SIN 595-22 Private Shared Service Center for Core HR Services:

The Core HR and Payroll services described below will be procured through a single Special Item Number (SIN).

1. Personnel Action Processing:

The OPM's Guide to Processing Personnel Actions defines a Personnel Action as the process necessary to appoint, separate or make other personnel changes. The concept of personnel action is not specific to a single BRM sub-function. Rather, it is a concept that converges with multiple activities across the BRM - activities that result in a change to employee status or other key employee data.

As part of this mandatory core service, HR LOB SSCs will provide a personnel action processing solution that offers the capability to initiate and process a personnel action. The solution will use automated workflow to route the personnel action through its approval sequence and provide appropriate notifications. Personnel action processing is a capability that supports multiple HR LOB BRM sub-functions. Agency personnel will continue to initiate and approve personnel actions. Employees will receive electronic notification of personnel actions that have been processed on their behalf. Agency personnel will also continue to perform manual processing, should any remain. SSCs will provide the tools that will automate the process. SSCs will also capture and retain raw data that will enable performance tracking. The personnel action processing services that the Offeror shall provide are defined in detail in Appendix A of HR LOB Requirements for Shared Service Centers. Specific SSC requirements are denoted by the text 'Mandatory' in the column labeled Priority and the text 'Shared Service Center' in the column labeled 'Who'.

## 2. Compensation Management:

The HR LOB BRM defines the Compensation Management sub-function as the adoption of nondiscretionary (government-wide), agency discretionary and alternative compensation programs that are fair, equitable and promote employee retention. Award and bonus payout strategies are devised and administered. Work schedules are established and time worked is recorded and approved. Leave taken is reconciled against leave accrued to determine leave balances. Payroll is processed and reconciled and employee pay and other third party disbursements are generated. Labor costs are distributed, as appropriate, to the appropriate cost accounts.

As part of this mandatory core service, HR LOB SSCs will provide a compensation management solution that includes tools to support manager's pay and award decisions, leave processing, and end-to-end payroll processing (setup, processing, disbursement support, annual pay adjustment processing, reporting, compliance) using self-service and automated workflow to manage time reporting and approval and payroll processing. The Compensation Management services that the Offeror shall provide are defined in detail in Appendix B to the document HR LOB Requirements for Shared Service Centers. Specific SSC requirements are denoted by the text 'Mandatory' in the column labeled Priority and the text 'Shared Service Center' in the column labeled 'Who'.

## 3. Benefits Management:

The HR LOB BRM defines the Benefits Management sub-function as the design, development and implementation of benefit programs that attract, retain and support current and former agency employees. THIS SIN HAS BEEN EXPANDED TO COVER ADR FOR ANY ASPECT OF HUMAN RESOURCES.

(B) Except as provided for in paragraph (i)(1)(ii)(A) and (D)(2) of this clause, the Government will reimburse the Contractor the actual cost of materials (less any rebates, refunds, or discounts received by the contractor that are identifiable to the contract) provided the Contractor--

(1) Has made payments for materials in accordance with the terms and conditions of the agreement or invoice; or

(2) Makes these payments within 30 days of the submission of the Contractor's payment request to the Government and such payment is in accordance with the terms and conditions of the agreement or invoice.

(C) To the extent able, the Contractor shall--

(1) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and

(2) Give credit to the Government for cash and trade discounts, rebates, scrap, commissions, and other amounts that are identifiable to the contract.

(D) Other Costs. Unless listed below, other direct and indirect costs will not be reimbursed.

(1) Other Direct Costs. The Government will reimburse the Contractor on the basis of actual cost for the following, provided such costs comply with the requirements in paragraph (i)(1)(ii)(B) of this clause: As Per Task Order.

(2) Indirect Costs (Material Handling, Subcontract Administration, etc.). The Government will reimburse the Contractor for indirect costs on a pro-rata basis over the period of contract performance at the following fixed price: As Per Task Order.

(2) Total cost. It is estimated that the total cost to the Government for the performance of this contract shall not exceed the ceiling price set forth in the Schedule and the Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within such ceiling price. If at any time the Contractor has reason to believe that the hourly rate payments and material costs that will accrue in performing this contract in the next succeeding 30 days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price in the Schedule, the Contractor shall notify the Contracting Officer giving a revised estimate of the total price to the Government for performing this contract with supporting reasons and documentation. If at any time during the performance of this contract, the Contractor has reason to believe that the total price to the Government for performing this

contract will be substantially greater or less than the then stated ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price for performing this contract, with supporting reasons and documentation. If at any time during performance of this contract, the Government has reason to believe that the work to be required in performing this contract will be substantially greater or less than the stated ceiling price, the Contracting Officer will so advise the Contractor, giving the then revised estimate of the total amount of effort to be required under the contract.

(3) Ceiling price. The Government will not be obligated to pay the Contractor any amount in excess of the ceiling price in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Schedule, unless and until the Contracting Officer notifies the Contractor in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this contract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(4) Access to records. At any time before final payment under this contract, the Contracting Officer (or authorized representative) will have access to the following (access shall be limited to the listing below unless otherwise agreed to by the Contractor and the Contracting Officer):

(i) Records that verify that the employees whose time has been included in any invoice meet the qualifications for the labor categories specified in the contract;

(ii) For labor hours (including any subcontractor hours reimbursed at the hourly rate in the schedule), when timecards are required as substantiation for payment--

(A) The original timecards (paper-based or electronic);

(B) The Contractor's timekeeping procedures;

(C) Contractor records that show the distribution of labor between jobs or contracts; and

(D) Employees whose time has been included in any invoice for the purpose of verifying that these employees have worked the hours shown on the invoices.

(iii) For material and subcontract costs that are reimbursed on the basis of actual cost--

(A) Any invoices or subcontract agreements substantiating material costs; and

(B) Any documents supporting payment of those invoices.

(5) Overpayments/Underpayments.

(i) Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices, that are found by the Contracting Officer not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. The Contractor shall promptly pay any such reduction within 30 days unless the parties agree otherwise. The Government within 30 days will pay any such increases, unless the parties agree otherwise. The contractor's payment will be made by check. If the Contractor becomes aware of a duplicate invoice payment or that the Government has otherwise overpaid on an invoice payment, the Contractor shall immediately notify the Contracting Officer and request instructions for disposition of the overpayment.

(ii) Upon receipt and approval of the invoice designated by the Contractor as the

"completion invoice" and supporting documentation, and upon compliance by the Contractor with all terms of this contract, any outstanding balances will be paid within 30 days unless the parties agree otherwise. The completion invoice, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(6) Release of claims. The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions.

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible to exact statement by the Contractor.

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(7) Prompt payment. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(8) Electronic Funds Transfer (EFT). If the Government makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.

(9) Discount. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(j) *Risk of loss*. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) *Taxes*. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) *Termination for the Government's convenience*. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid an amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in

the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system that have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.* The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability.* Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) *Other compliances.* The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) *Compliance with laws unique to Government contracts.* The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 3701, et seq., Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. 423 relating to procurement integrity.

(s) *Order of precedence.* Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order: (1) the schedule of supplies/services; (2) the Assignments, Disputes, Payments, Invoice, Other Compliances, and Compliance with Laws Unique to Government Contracts paragraphs of this clause; (3) the clause at 52.212-5; (4) addenda to this solicitation or contract, including any license agreements for computer software; (5) solicitation provisions if this is a solicitation; (6) other paragraphs of this clause; (7) the Standard Form 1449; (8) other documents, exhibits, and attachments; and (9) the specification.

(t) *Central Contractor Registration (CCR).*

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2) (i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in

performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.ccr.gov> or by calling 1-888-227-2423 or 269-961-5757.

(a) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the ordering activity may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The ordering activity must exercise its postacceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) *Assignment.* The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). (C) EFT banking information is not required if the ordering activity waived the requirement to pay by EFT.

(2) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and

Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.

(h) *Patent indemnity.* The Contractor shall indemnify the ordering activity and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

- (2) Delivery of the supplies to the ordering activity at the destination specified in the contract, if transportation is f.o.b. destination.

(k) *Taxes.* The contract price includes all applicable Federal, State, and local taxes and duties.

(l) *Termination for the Ordering Activity's convenience.* The ordering activity reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the ordering activity using its standard record keeping system, have resulted from the termination. #### **552.211-15 Defense Priorities and Allocations System Requirements (SEP 2004)**

(a) *Definitions.*

*Approved program* means a program determined to be necessary or appropriate for priorities and allocation support to promote the national defense by the Secretary of Defense, the Secretary of Energy, or the Department of Homeland Security Under Secretary for Emergency Preparedness and Response under the authority of the Defense Production Act, the Stafford Act, and Executive Order 12919, or the Selective Service Act and related statutes, and Executive Order 12742. See Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols at <http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm>.

*Defense Priorities and Allocations System (DPAS)* means the regulation published at 15 CFR part 700 that requires preferential treatment for certain contracts and orders placed by a Delegate Agency in support of an approved program.

*Delegate Agency* means an agency of the U.S. Government authorized by delegation from the Department of Commerce (DOC) to place priority ratings on contracts or orders needed to support approved programs.

*Rated order* means, for the purpose of this contract, a delivery or task order issued in accordance with the provisions of the DPAS regulation (15 CFR part 700).

(b) *Rated Order Requirement.*

From time to time, the Contractor may receive a rated order under this contract from a Delegate Agency. The Contractor must give preferential treatment to rated orders as required by the Defense Priorities and Allocations System (DPAS) regulation (15 CFR part 700). The existence of previously accepted unrated or lower rated orders is not sufficient reason to reject a rated order. Rated orders take preference over all unrated orders as necessary to meet required delivery dates. There are two levels of ratings designated by the symbol of either "DO" or "DX." All "DO" rated orders have equal priority with each other and take preference over unrated orders. All "DX" rated orders have equal priority with each other and take preference over "DO" rated orders and unrated orders. The rating designation is followed by a program identification symbol. Program identification symbols indicate which approved program is supported by the rated order (see Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols).

(c) *Additional information.*

Additional information may be obtained at the DOC DPAS website  
<http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm> or by contacting the designated Administrative Contracting Officer.

#### **552.238-80 Use of Federal Supply Schedule Contracts by Certain Entities--Recovery Purchasing (FEB 2007)**

(a) If an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)-- Alternate I, elects to place an order under this contract, the entity agrees that the order shall be subject to the following conditions:

(1) When the Contractor accepts an order from such an entity, a separate contract is formed which incorporates by reference all the terms and conditions of the Schedule contract except the Disputes clause, the patent indemnity clause, and the portion of the Commercial Item Contract Terms and Conditions that specifies "Compliance with laws unique to Government contracts" (which applies only to contracts with entities of the Executive branch of the U.S. Government). The parties to this new contract which incorporates the terms and conditions of the Schedule contract are the individual ordering activity and the Contractor. The U.S. Government shall not be liable for the performance or nonperformance of the new contract. Disputes which cannot be resolved by the parties to the new contract may be litigated in any State or Federal court with

jurisdiction over the parties, applying Federal procurement law, including statutes, regulations and case law, and, if pertinent, the Uniform Commercial Code. To the extent authorized by law, parties to this new contract are encouraged to resolve disputes through Alternative Dispute Resolution. Likewise, a Blanket Purchase Agreement (BPA), although not a contract, is an agreement that may be entered into by the Contractor with such an entity and the Federal Government is not a party.

(2) Where contract clauses refer to action by a Contracting Officer or a Contracting Officer of GSA, that shall mean the individual responsible for placing the order for the ordering activity (e.g., Federal Acquisition Regulation 52.212-4 at paragraph (f) and FSS clause I-FSS-249 B).

(3) As a condition of using this contract, eligible ordering activities agree to abide by all terms and conditions of the Schedule contract, except for those deleted clauses or portions of clauses mentioned in paragraph (a)(1) of this clause. Ordering activities may include terms and conditions required by statute, ordinance, regulation, order, or as otherwise allowed by State and local government entities as a part of a statement of work (SOW) or statement of objective (SOO) to the extent that these terms and conditions do not conflict with the terms and conditions of the Schedule contract. The ordering activity and the Contractor expressly acknowledge that, in entering into an agreement for the ordering activity to purchase goods or services from the Contractor, neither the ordering activity nor the Contractor will look to, primarily or in any secondary capacity, or file any claim against the United States or any of its agencies with respect to any failure of performance by the other party.

(4) The ordering activity is responsible for all payments due the Contractor under the contract formed by acceptance of the ordering activity's order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(5) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(6) The supplies or services purchased will be used for governmental purposes only and will not be resold for personal use. Disposal of property acquired will be in accordance with the established procedures of the ordering activity for the disposal of personal property.

(7) The state or local government ordering activity will be responsible for purchasing products or services to be used to facilitate recovery from a major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.) or to facilitate recovery from terrorism or nuclear, biological, chemical, or radiological attack.

(b) If the Schedule Contractor accepts an order from an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)--Alternate I, the Contractor agrees to the following conditions--

#### **CI-FSS-151 ADDITIONAL EVALUATION FACTORS FOR AWARD (MAR 2008)**

(a) The Government will consider award for a responsible Offeror, whose offer conforms to all solicitation requirements, is determined technically acceptable, has acceptable past performance, and whose prices are determined fair and reasonable.

(1) Section I Administrative/Contract Data: Section I Administrative/Contract Data will be evaluated for its successful completion of all requirements outlined in the Instructions to Offerors in Part II of the Solicitation Document. The firm must be determined financially responsible based on the financial information provided.

(2) Section II Technical Proposal:

(i) Section II Technical Proposal will be reviewed, evaluated and rated acceptable or unacceptable (Go/No Go) based on the four technical evaluation factors described in the Specific Proposal Submission Instructions to Offerors in the Cover Page of the Solicitation document. Award will be made on a SIN-by-SIN basis. A rating of "unacceptable" under any evaluation factor will result in an "unacceptable" rating overall for that SIN. Offers determined technically unacceptable for all proposed SINs will be rejected.

(ii) Factor One – *Corporate Experience*: Failure to provide the information as described in the Specific Proposal Submission Instructions for Factor One will result in an "unacceptable" rating for that SIN. The Offeror shall have demonstrated that the firm can successfully perform, administer and complete ordering activity tasks that may be awarded against a contract awarded under this solicitation. They must also demonstrate that the services proposed for each SIN are within the Scope of Work in Part I of this solicitation.

(iii) Factor Two – *Relevant Project Experience*: The Offeror must submit the information described in Factor Two of the Specific Proposal Submission Instructions located on the Cover Page of the solicitation, and must also demonstrate the successful completion of orders which are of a similar or greater complexity to the orders described in the statement of work in Part I of the solicitation.

(iv) Factor Three – *Past Performance*: Failure to provide information as described in Factor Three of the Specific Proposal Submission Instructions may result in an "unacceptable" rating for the Technical Proposal. The results of the Open Ratings Past Performance Evaluation will be considered, along with other information available to the Contracting Officer in determining the past performance rating of the Offeror. The Government reserves the right to consider any other pertinent information which comes to the attention of the Government regarding the Offeror's past performance. The

Government will consider the Offeror's performance in the following key areas: Overall Performance, Reliability, Cost, Order Accuracy, Delivery/Timeliness, Quality, Business Relations, Personnel, Customer Support, and Responsiveness. Those Offerors demonstrating a pattern of consistent acceptable performance will receive an acceptable rating.

(v) Factor Four – *Quality Control Plan*: Failure to provide the required information as described in Factor Four of the Specific Proposal Submission Instructions to Offerors may result in an "unacceptable" rating for the Technical Proposal.

(vi) Offerors are on notice that proposals that are unrealistic in terms of technical commitment, lack technical competence, or are indicative of failure to comprehend the complexities and risks of solicitation requirements will be rejected.

(3) Section III Price Proposal:

(i) Section III Price Proposal will be evaluated for its successful completion of all requirements outlined in the Specific Proposal Submission Instructions in the Cover Page of the solicitation document. In order for the Section III Pricing proposal to be rated acceptable, the Contracting Officer must determine that the proposed pricing is fair, reasonable, and supportable, based on the submission of sufficient pricing information as outlined in the Proposal Submission Special Instructions.

(ii) The proposed pricing must be advantageous to the Government, and inclusive of the Industrial Funding Fee (IFF). If the rates offered are not "equal to or lower than" the MFC, an acceptable justification must be provided.

Note: The Government reserves the right to award without discussions. Therefore, the Offeror's initial proposal should contain the best terms from a price and technical standpoint.

---

**I-FSS-599 ELECTRONIC COMMERCE—FACNET (SEP 2006)**

(a) General Background.

The Federal Acquisition Streamlining Act (FASA) of 1994 establishes the Federal Acquisition

Computer Network (FACNET) requiring the Government to evolve its acquisition process from one driven by paperwork into an expedited process based on electronic commerce/electronic data interchange (EC/EDI). EC/EDI means more than merely automating manual processes and eliminating paper transactions. It can and will help to move business processes (e.g., procurement, finance, logistics, etc.) into a fully electronic environment and fundamentally change the way organizations operate.

(b) Trading Partners and Value-Added Networks (VAN's).

Within the FACNET architecture, electronic documents (e.g., orders, invoices, etc.) are carried between the Federal Government's procuring office and contractors (now known as "trading partners"). These transactions are carried by commercial telecommunications companies called Value-Added Networks (VAN's).

EDI can be done using commercially available hardware, software, and telecommunications. The selection of a VAN is a business decision contractors must make. There are many different VAN's which provide a variety of electronic services and different pricing strategies. If your VAN only provides communications services, you may also need a software translation package.

(c) Registration Instructions.

DOD will require Contractors to register as trading partners to do business with the Government. This policy can be reviewed via the INTERNET at [http://www.defenselink.mil/releases/1999/b03011999\\_bt079-99.html](http://www.defenselink.mil/releases/1999/b03011999_bt079-99.html).

To do EDI with the Government, Contractors must register as a trading partner. Contractors will provide regular business information, banking information, and EDI capabilities to all agencies in this single registration. A central repository of all trading partners, called the Central Contractor Registration (CCR) <http://www.ccr.gov/>, has been developed. All Government procuring offices and other interested parties will have access to this central repository. The database is structured to identify the types of data elements which are public information and those which are confidential and not releasable.

To register, contractors must provide their Dun and Bradstreet (DUNS) number. The DUNS number is available by calling 1(800)333-0505. It is provided and maintained free of charge and only takes a few minutes to obtain. Contractors will need to provide their Tax Identification Number (TIN). The TIN is assigned by the Internal Revenue Service by calling 1(800)829-1040. Contractors will also be required to provide information about company bank or financial institution for electronic funds transfer (EFT).

Contractors may register through on-line at <http://www.ccr.gov/> or through their Value Added Network (VAN) using an American National Standards Institute (ANSI) ASC X12 838 transaction set, called a "Trading Partner Profile." A transaction set is a standard format for moving electronic data. VAN's will be able to assist contractors with registration.

(d) Implementation Conventions.

All EDI transactions must comply with the Federal Implementation Conventions (IC's). Many VAN's and software providers have already built the IC requirements into their products. If you need to see the IC's, they are available on a registry maintained by the National Institute of Standards and Technology (NIST). It is accessible via the INTERNET at <http://www.itl.nist.gov/lab/csl-pubs.htm>. IC's are available for common business documents such as Purchase Order, Price Sales Catalog, Invoice, Request for Quotes, etc.

(e) Additional Information.

GSA has additional information available for vendors who are interested in starting to use EC/EDI. Contact the Contracting Officer for a copy of the latest handbook. Several resources are available to vendors to assist in implementing EC/EDI; specific addresses are available in the handbook or from the

Contracting Officer:

- (1) Electronic Commerce Resource Centers (ECRC's) are a network of U.S. Government-sponsored centers that provide EC/EDI training and support to the contractor community. They are found in over a dozen locations around the country.
- (2) Procurement Technical Assistance Centers (PTAC's) and Small Business Development Centers (SBDC's) provide management assistance to small business owners. Each state has several locations.
- (3) Most major US cities have an EDI user group of companies who meet periodically to share information on EDI-related subjects.

(f) GSA Advantage!<sup>TM</sup>.

(1) GSA Advantage!<sup>TM</sup> will use this FACNET system to receive catalogs, invoices and text messages; and to send purchase orders, application advice, and functional acknowledgments. GSA Advantage!<sup>TM</sup> enables customers to:

- (i) Perform database searches across all contracts by manufacturer; manufacturer's model/part number; vendor; and generic product categories.
- (ii) Generate their own EDI delivery orders to contractors, generate EDI delivery orders from the Federal Supply Service to contractors, or download files to create their own delivery orders.
- (iii) Use the Federal IMPAC VISA.

(2) GSA Advantage!<sup>TM</sup> may be accessed via the GSA Home Page. The INTERNET address is: <http://www.gsa.gov>, or <http://www.fss.gsa.gov>.

They will be added to GSA's electronic ordering system known as GSA Advantage!, a menu-driven database system that provides on-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic order. The Contractor's electronic files must be received no later than 6 months after award. Contractors should refer to clause I-FSS-597, GSA Advantage! for further information.

All resultant "web price lists" shown on the contractor's web site must be in accordance with section (b)(3)(ii) of this clause and nothing other than what was accepted /awarded by the Government may be included. **I-FSS-969 ECONOMIC PRICE ADJUSTMENT—FSS MULTIPLE AWARD  
SCHEDULE (JAN 2002)**

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

(a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reduction Clause.

(b) There are two types of economic price adjustments (EPAs) possible under the Multiple Award Schedules (MAS) program for contracts not based on commercial catalogs or price lists as described below. Price adjustments may be effective on or after the first 12 months of the contract period on the following basis:

(1) Adjustments based on escalation rates negotiated prior to contract award. Normally, when escalation rates are negotiated, they result in a fixed price for the term of the contract. No separate contract modification will be provided when increases are based on negotiated escalation rates. Price increases will be effective on the 12-month anniversary date of the contract effective date, subject to paragraph (f), below.

(2) Adjustments based on an agreed-upon market indicator prior to award. The market indicator, as used in this clause, means the originally released public index, public survey or other public, based market indicator. The market indicator shall be the originally released index, survey or market indicator, not seasonally adjusted, published by the [to be negotiated], and made available at [to be identified]. Any price adjustment shall be based on the percentage change in the designated (i.e. indicator identification and date) market indicator from the initial award to the latest available as of the anniversary date of the contract effective date, subject to paragraph (e), below. If the market indicator is discontinued or deemed no longer available or reliable by the

Government, the Government and the Contractor will mutually agree to a substitute. The contract modification reflecting the price adjustment will be effective upon approval by the Contracting Officer, subject to paragraph (g), below. The adjusted prices shall apply to orders issued to the Contractor on or after the effective date of the contract modification.

(c) Notwithstanding the two economic price adjustments discussed above, the Government recognizes the potential impact of unforeseeable major changes in market conditions. For those cases where such changes do occur, the contracting officer will review requests to make adjustments, subject to the Government's examination of industry-wide market conditions and the conditions in paragraph (d) and (e), below. If adjustments are accepted, the contract will be modified accordingly. The determination of whether or not extra-ordinary circumstances exist rests with the contracting officer. The determination of an appropriate mechanism of adjustment will be subject to negotiations.

(d) Conditions of Price change requests under paragraphs b(2) and c above.:

(1) No more than three increases will be considered during each succeeding 12-month period of the contract. (For succeeding contract periods of less than 12 months, up to three increases will be considered subject to the other conditions of subparagraph (b)).

(2) Increases are requested before the last 60 days of the contract period, including options.

(3) At least 30 days elapse between requested increases.

(4) In any contract period during which price increases will be considered, the aggregate of the increases during any 12-month period shall not exceed four percent (4%) of the contract unit price in effect at the end of the preceding 12-month period. The Government reserves the right to raise the ceiling when market conditions during the contract period support such a change.

(e) The following material shall be submitted with request for a price increase under paragraphs b(2) and c above:

(1) A copy of the index, survey or pricing indicator showing the price increase and the effective date.

(2) Commercial Sales Practice format, per contract clause 52.215-21 Alternate IV, demonstrating the relationship of the Contractor's commercial pricing practice to the adjusted pricing proposed or a certification that no change has occurred in the data since completion of the initial negotiation or a subsequent submission.

(3) Any other documentation requested by the Contracting Officer to support the reasonableness of the price increase.

(f) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increases as requested when all conditions of (b), (c), (d), and (e) of this clause are satisfied;

(2) Negotiate more favorable prices when the total increase requested is not supported; or,

(3) Decline the price increase when the request is not supported. The Contractor may remove the item(s) from contract involved pursuant to the Cancellation Clause of this contract.

(g) Effective Date of Increases: No price increase shall be effective until the Government receives the electronic file updates pursuant to GSAR 552.243-72, Modifications (Multiple Award Schedule).

(h) All MAS contracts remain subject to contract clauses GSAR 552.238-75, "Price Reductions"; and 552.215-72, "Price Adjustment -- Failure to Provide Accurate Information." In the event the

application of an economic price adjustment results in a price less favorable to the Government than the price relationship established during negotiation between the MAS price and the price to the designated customer, the Government will maintain the price relationship to the designated customer.

## Part III - VENDOR INSTRUCTIONS

### OBJECTIVE:

The General Services Administration (GSA) is soliciting Contractors to enable Federal agencies to meet their agency needs. Contractors shall be able to provide Human Resources and EEO services to meet an agency's mission, need or requirement.

### SCOPE:

The Contractor shall be capable of providing services for ordering agencies with multiple organizational levels and geographic locations nationwide and/or worldwide. The Contractor shall also be capable of handling multiple task orders simultaneously.

### ORDERING PROCEDURES FOR PRODUCTS AND SERVICES:

Orders placed against a GSA Multiple Award Schedule (MAS) contract use the procedures under Federal Acquisition Regulation (FAR) 8.4, and are considered to be issued under full and open competition (see FAR 6.102(d)(3)). Ordering offices do not need to seek further competition, synopsise the requirement, make a separate determination of fair and reasonable pricing, or consider small business programs. By placing an order against a GSA Schedule contract using the procedures in this section, the ordering office has concluded that the order represents the best value and results in the lowest overall cost alternative to meet the government's needs.

### IMPORTANT NOTICE:

1. This Multiple Award Schedule (MAS) is for Human Resources & EEO Services that are commercially sold. There are four (4) continuously open Special Item Numbers (SINs): 595-21, 595-25, 595-27, and 595-28. Offerors may submit a proposal on any one or combination of SIN(s) at any time, but each product or service may only be offered under one SIN.
2. Solicitation 2FYA-AR-060004-B Refresh 13 contains the second open season for SINs 595-22 and 595-26 for private Shared Service Centers, paralleling the offerings of the public Shared Service Centers currently providing HR services to various Federal agencies. The extensive special requirements for these SINs are included in the latter half of this solicitation. An unusual feature of these SINs is that there is no continuously open season. Future open seasons may be held in intervals to be determined at a later date. For ordering procedures for SINs 595-22 and 595-26, see the Statement of Objectives in the "HR LOB Requirements" attachment.
3. The preferred method of purchasing under this solicitation is a fixed price. The fixed price shall be based on the unit price offered in the schedule contract. Further negotiations with the ordering agency are permitted.
4. All clauses and provisions found within the solicitation or incorporated by reference set forth by the Federal Acquisition Regulation (FAR) can be accessed on the Internet at: [www.acquisition.gov](http://www.acquisition.gov).
5. All clauses and provisions found within the solicitation or incorporated by reference set forth by the General Services Administration Manual (GSAM) can be accessed on the Internet at: [www.acquisition.gov](http://www.acquisition.gov).
6. FedBizOpps.gov is the single government point-of-entry for Federal government procurement opportunities, which can be accessed on the internet at: <http://www.fbo.gov/>.
7. Contractor Team Arrangements (CTAs) are encouraged under the Federal Supply Schedules Program. For additional information, see FAR 9.6 "Contractor Team Arrangements" and Clause I-FSS-40. You can also visit our website at: <http://www.gsa.gov/cta>.
8. The Government reserves the right to evaluate proposals and award a contract without discussion. Therefore, the initial proposal should contain the Offeror's best terms from both a price and technical standpoint.
9. Once a contract is awarded under the Federal Supply Service Multiple Award Schedules Program, Contractors compete for business and are responsible for marketing to potential Government customers.

10. To assist Offerors in preparation of their proposal, please see attached Proposal Checklist.
11. An adequate and auditable labor hour recording and invoicing system is required for all Contractors accepting labor hour task orders. Contractors must possess such a system at time of award. This accounting system is subject to review and examination by the Government in accordance with FAR Part 9.
12. Open Ratings, Inc. will assist in the evaluation of Past Performance. The cost of a Past Performance Evaluation report is \$175.00 (at the Offeror's expense), and additional copies can be acquired for \$25.00 per recipient. All responses to Open Ratings, Inc. are confidential. Requests should be completed online at <http://www.openratings.com/>.
13. Travel and per diem associated with task orders issued under an awarded contract shall be negotiated with the ordering agency. Travel and per diem costs are not subject to the Industrial Funding Fee (IFF).
14. In accordance with FAR 37.114, the Contractor and their employees must always identify themselves as contractor personnel when dealing with the public, members of Congress, or Government employees, in the performance of the services under this contract. All documents or reports produced by Contractors must also be suitably marked as contractor products.

Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

  - (2) The time specified in the solicitation for receipt of offers;
  - (3) The name, address, and telephone number of the offeror;

(9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2) (i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and --

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of

receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

**552.212-73 EVALUATION—COMMERCIAL ITEMS (MULTIPLE AWARD SCHEDULE) (AUG 1997)**

(a) The Government may make multiple awards for the supplies or services offered in response to this solicitation that meet the definition of a "commercial item" in FAR 52.202-1. Awards may be made to those responsible offerors that offer reasonable pricing, conforming to the solicitation, and will be most advantageous to the Government, taking into consideration the multiplicity and complexity of items of various manufacturers and the differences in performance required to accomplish or produce required end results, production and distribution facilities, price, compliance with delivery requirements, and other pertinent factors. By providing a selection of comparable supplies or services, ordering activities are afforded the opportunity to fulfill their requirements with the item(s) that constitute the best value and that meet their needs at the lowest overall cost.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(c) The Government reserves the right to award only one contract for all or a part of a manufacturer's

product line. When two or more offerors (e.g., dealers/resellers) offer the identical product, award may be made competitively to only one offeror on the basis of the lowest price. (Discounts for early payment will not be considered as an evaluation factor in determining the low offeror). During initial open season for an option period, any offers that are equal to or lower than the current contract price received for identical items will be considered. Current contractors will also be allowed to submit offers for identical items during this initial open season. The current contractor which has the identical item on contract will be included in the evaluation process. The Government will evaluate all offers and may award only one contract for each specified product or aggregate group.
